Australian Steel Structure Factory

Australian Steel Structure Factory, established in the year of 2003, is a professional Company who can provide design, manufacture and installation of steel structure for buildings of business, industry and residence. In recent years, its factory has been enlarged greatly and now need more overhead cranes to meet the demands of the increasing business.

CHALLENGE

Growing company requires more cranes

Cleocrane

YOUR PARTNER

Tailor Made Solutions

From the design stage, we provide clients with the tailored solutions to customize every crane perfectly according to customers' real condition and ensure every crane solution can exactly meet the customers' lifting requirements. re key elements taken into account by our sales team and expert engineers.

Cleocrane can provide various types of customized crane according to different production flow to make the material handing with higher safety, more efficiency and more production. Beside this, we put more energy into the research to add more new functions to the cranes to increase the safety and efficiency in the application.

SOLUTION

Clescrane provides overhead cranes

According to customer's needs and shop structure, our CHS series single girder overhead crane was recommended to the customers to solve the problems of shorter upper height of the shop.

In December, 2016, Clescrane and Australian Steel Structure Factory established the cooperation and signed a contract of two sets of CHS single girder overhead cranes (CHS 3.2t-13.8m H=6m, A5).

Equipment List

Model	Qty.
CHS 3.2t-13.8m H=6m , A5	2

SOLUTION

Clescrane provides overhead cranes

- ▶ European standard , first class quality.
- ▶ High efficiency , energy-saving , safety.
- ▶ Provide you complete solving plan for crane system and material handling lifting.
- ▶ We will create continuous value for customers.

RESULTS

Quality products and service
satisfy the customer

Manufacturing industry has been historically one of the main industrial sectors in which Clescrane solutions have met its demanding needs effectively. Numerous satisfied clients support Clescrane tailor made solutions. Our experience in the sector allows us to drive our clients towards efficiency improvement whichever process/es they are in.

The two sets of overhead cranes for Australian Steel Structure Factory has been installed smoothly and the cranes work in good condition. Customer is very satisfied with the solution and product of Clescrane and wishes to be the long-term cooperative partner. Customers' recognition is the motivation of Clescrane development. Clescrane will continue with providing the best reliable, high efficiency material handling solution and high quality products to our customers.

PRODUCTS

CHS

CHS Series Single Girder Overhead Crane
Max. Load: 20t

CHX

CHX Series Single Girder Suspension Crane
Max. Load: 10t

CWG

CWG Series Double Girder Gantry Crane
Max. Load: 320t

CH(W)B

CH(W)B Series Semi Gantry Crane
Max. Load: 100t

CHD

CHD Series Double Girder Overhead Crane
Max. Load: 100t

CWD

CWD Series Double Girder Overhead Crane
Max. Load: 320t

CJZ

CJZ Series Pillar Mounted Jib Crane
Max. Load: 10t

CH

CH Series Wire Rope Electric Hoist
(for Single Girder Crane)
Max. Load: 20t

CHG(S)

CHG(S) Series Single Girder Gantry Crane
Max. Load: 20t

CHG(D)

CHG(D) Series Double Girder Overhead Crane
Max. Load: 100t

CH

CH Series Wire Rope Electric Hoist
(for Double Girder Crane)
Max. Load: 100t

CW

CW Series Open Winch Trolley
Max. Load: 320t

SERVICE

Our service solutions are specially made based on different requirements of individual clients.

Meeting their standards could remove any of their worries.

Including:

- Customized solutions
- Reliable, efficient and safe crane equipment
- High quality packaging
- Installation and assembly & test running
- Professional training
- Plenty of spare parts
- Maintenance
- Analysis and suggestions
- Intelligent crane design software
- The experienced team of engineers

Clescane's service pack is safe and costs less.

Clescane's service pack also applies to cranes and hoists produced by other manufacturers.

OPTIONS

Safety

Sophisticated load handling methods reduces the risk of collisions and accidents.

Productivity

Time savings in load handling and final positioning makes processes more efficient.

Cost savings

Longer lifetime of components and less maintenance work results in better economy.

Extended Speed Range

Micro Speed

Slack Rope

Tandem

Inching

Restricted Load

Sway Control

Load Floating

Shock Load

Synchronisation

Cranes in Tandem
